 2005 Acts, ch 175, §130

231E.2 Office of substitute decision maker — findings and intent.

1. *a.* The general assembly finds that many adults in this state are unable to meet essential requirements to maintain their physical health or to manage essential aspects of their financial resources and are in need of substitute decision-making services. However, a willing and responsible person may not be available to serve as a private substitute decision maker or the adult may not have adequate income or resources to compensate a private substitute decision maker.

b. The general assembly further finds that a process should exist to assist individuals in finding alternatives to substitute decision-making services and less intrusive means of assistance before an individual’s independence or rights are limited.

c. The general assembly further finds that a substitute decision maker may be necessary to finalize a person’s affairs after death when there is no willing and appropriate person available to serve as the person’s personal representative.

2. *a.* It is, therefore, the intent of the general assembly to establish a state office of substitute decision maker and authorize the establishment of local offices of substitute decision maker to provide substitute decision-making services to adults and their estates after their deaths, when no private substitute decision maker is available.

b. It is also the intent of the general assembly that the office of substitute decision maker provide assistance to both public and private substitute decision makers throughout the state in securing necessary services for their wards, principals, clients, and decedents and to assist substitute decision makers, wards, principals, clients, courts, and attorneys in the orderly and expeditious handling of substitute decision-making proceedings.

g. Provide information and referrals to the public regarding substitute decision-making services.

h. Provide personal representatives for estates where a person is not available for that purpose.

i. j. Develop, in cooperation with the judicial council as established in section 602.1202, a substitute decision-maker education and training program. The program may be offered to both public and private substitute decision makers. The state office shall establish a curriculum committee, which includes but is not limited to probate judges, to develop the education and training program. The state office shall be the sole authority for certifying additional curriculum trainers.

4. The state office may do any of the following:

The state office or a local office may waive collection of a fee upon a finding that collection is not economically feasible. The rules may provide that the state office or a local office may investigate the financial status of a ward, principal, client, or estate that requests substitute decision-making services or for whom or which the state or a local substitute decision maker has been appointed for the purpose of determining the fee to be charged by requiring the ward, principal, client, or estate to provide any written authorizations necessary to provide access to records of public or private sources, otherwise confidential, needed to evaluate the individual's or estate's financial eligibility. The rules may also provide that the state or a local substitute decision maker may, upon request and without payment of fees otherwise required by law, obtain information necessary to evaluate the individual's or estate's financial eligibility from any office of the state or of a political subdivision or agency of the state that possesses public records.
